

Thrift Savings Plan BULLETIN

for Service TSP Representatives

Subject: Thrift Savings Plan Booklet *Guide to TSP Investments*

Date: July 30, 2002

The Federal Retirement Thrift Investment Board (Board) has revised the booklet *Guide to TSP Investments*. A copy of the revision, dated August 2002, is attached to this bulletin. This revision reflects the changes to the TSP investment program which will occur when the new record keeping system is implemented. **The August 2002 version supersedes all prior versions of the investment guide; services should discard their supplies of prior versions of the booklet.**

The *Guide to TSP Investments* supplements the *Summary of the Thrift Savings Plan for the Uniformed Services* by providing more detail about the five TSP investment funds and the operation of the TSP investment program. In addition, the booklet discusses factors participants may wish to consider in developing an investment approach.

Distribution of the booklet. The Board will distribute the August 2002 version of the booklet to services' central distribution points. By September 1, 2002, central distribution points should receive a total of 50,000 booklets; central distribution points should then distribute these booklets proportionately to servicing personnel (or administrative) offices within the service.

Service responsibilities. Services should provide this booklet to their members upon request, periodically reminding the members of its availability. In addition, services should understand the type of information contained in the booklet so that, if they are questioned about TSP investment operations, they can provide the questioner with the booklet.

Representatives from each central distribution point may order additional booklets from the TSP by completing the Thrift Savings Plan Publications Order Form (TSP-U-40). The booklet is also on the TSP Web site at www.tsp.gov.

Inquiries: Questions concerning this bulletin should be directed to the Federal Retirement Thrift Investment Board at **202-942-1460**.

Chapter: This bulletin may be filed in Chapter 6, Investments.

Supersedes: This bulletin supersedes TSP Bulletin 01-U-7, *Guide to TSP Investments*, dated September 27, 2002.

Major changes to the investment program. The new record keeping system will be daily valued and share based. Participants' investments in each of the five funds will be stated in shares as well as dollars, and the daily value of a participant's account will be determined by multiplying the number of shares held by the participant in any investment fund by the daily share price for that investment fund. Interfund transfers will be processed every business day; there will be no limit on the number of interfund transfers that participants may make.
